FHSU Special Educator Meets With State Board in Topeka

Robb Scott, assistant professor of special education, traveled to Topeka on January 9th and 10th to attend the annual joint meeting of the Kansas State Board of Education and the Kansas Special Education Advisory Council (SEAC).

Scott has served on SEAC since 2013 representing individuals and agencies concerned with transition to post-secondary settings, the process by which schools and families prepare youth with disabilities for community life and successful careers. "We are very excited about the State Board's leadership on college and career readiness," said Scott, "as well as their support for a number of policies which promote and protect the civil rights of children and youth with special needs." Working in tandem with the State Board, SEAC helped initiate Emergency Safety Interventions (ESI) regulations that led to the 2016 "Freedom from unsafe restraint and seclusion act" and have resulted in significant reductions in the use of those practices in Kansas schools. Scott and his SEAC colleagues are also advising the State Board and Kansas legislators on new policies related to the use of paraeducators in schools. With his own term on SEAC set to expire in 2019, Scott

is trying to raise awareness among special educators at FHSU and in Hays public schools to this opportunity to serve. "I always get to see out a few steps ahead because of my involvement on this council," he said. "I am hopeful that one or more of the great professionals we have locally will take up the gauntlet when my time is up."

Abstracts for the February 14 Kansas Undergraduate Research Day

We are now accepting 250 word abstracts for the February 14 Kansas Undergraduate Research day at the Capitol!!!!

We are pleased to announce the launch of the 2018 Undergraduate Research Day at the Capitol competition. Click on the link below to view more information.

Deadline: Monday, January 22, 2018

Award Cycle: 2017 – 2018

Discipline/Subject Area: Any

The Kansas Undergraduate Research Day at the Capitol event is an opportunity for students to present their research experiences with state lawmakers in Topeka tentatively scheduled for Wednesday, February 14, 2018.

This event will showcase the work of up to 40 Kansas undergraduate students representing each of the state's eight public 4-year institutions. The purpose of this

event is to demonstrate the unique opportunities undergraduate students have to participate with faculty members in research at all state institutions. This event will also emphasize higher education's role in developing educated citizens and preparing a workforce with the necessary skills to further the economic growth of the state.

Undergraduate students who have been significantly involved in the research enterprise of the university either with their own project or through meaningful involvement with a faculty project are desired as participants.

To qualify for this event, participants must:

- be undergraduates during the 2017-2018 academic year
- have completed research under the guidance of a Kansas 4-year public institution faculty mentor
- follow the methodology of the appropriate academic discipline
- be of sufficient quality to be presented at a professional academic meeting
- have the skills, resources, and capacity to produce a professional academic poster
- agree to undergo presentation training and rehearse their presentations prior to the Capitol event

Participants should be able to convey their experience and enthusiasm to state representatives, senators, and other state officials in a poster session. Projects from a broad range of disciplines are encouraged - especially posters that relate to the state of Kansas and issues important to the state legislature (e.g. education, health, agriculture, aviation, biotechnology, energy, transportation, manufacturing, environment, and social services). Up to 5 projects will be selected from each institution.

Lunch and transportation will be provided. The event will take place on the first floor of the Capitol Rotunda from 10 am to 1 pm. The public is invited to attend. Selected participants will receive additional information regarding the event.

Submissions are accepted from student teams, however only two students from the team will be able to go to the Capitol. One designated student should be listed as

the Principal Investigator. The entire research team will be recognized in the program booklet and related materials.

This event will not be an adjudicated poster competition with prizes. All participants will be recognized equally for the honor of participating in this event. Helpful resources for creating posters may be found at

DACA Question & Answer Session

Tuesday, January 23; 12:00pm to 1:30pm

Smoky Hill Room in the Memorial Union

Some of you have probably heard a federal judge issued an injunction to temporarily halt the end of the DACA program. What this means is that those who had previously received DACA are eligible to continue renewing their deferred action while the injunction is in place. USCIS issued guidance on Saturday indicating they are complying with the order. The current issue, however, is that we are not certain how long the injunction will remain in place. It is likely that this is a small window of time that USCIS will accept renewal applications. **If** the injunction is successfully appealed, USCIS will likely stop accepting renewal applications. Those with expired or expiring DACA grants can apply to renew their deferred action. USCIS will not accept **new** DACA applications, but will consider applications for those whose DACA is no longer valid.

The Office of Inclusion & Diversity Excellence will host a question and answer session with two immigration attorneys on Tuesday, January 23 in the Smoky Hill Room in the Memorial Union.

- From 12:00pm to 12:30pm for faculty and staff wanting to learn more about DACA to support our students
- From 12:30pm to 1:30pm a come and go session for our students.

For more information contact [Taylor Kriley](#), Director of Inclusion & Diversity Excellence, (785)628-4276.
